

On March 4, 2010, Sheriff Mills traveled to Albany, NY with Lt. Timothy Buckley and Capt. James Small to accept a plaque to commemorate the accreditation of our Law Enforcement Agency. Delaware County is among the twenty-eight Sheriffs' Offices and one hundred six other state and local police agencies throughout New York State that have met or exceeded the 132 professional standards required for accreditation status under the State-operated program.

We are in the process of seeking accreditation for our Correctional Facility; and thereafter our Civil Division.
